Soft Skills

Problem Solving

Effective Communication

Teamwork

Adaptability

Projects

KITABGANJ

[Live Demo link](#)

[GitHub Link](#)

Tech Stack - React | Node.js | Express.js | Mongo DB | Mongoose

Description: Developed and deployed Kitabganj, a web application for books and poetry.

Features include:

- **Admin Dashboard:** Enables content management for books, poems, images, and descriptions.
- **Responsive Design:** Built with Chakra UI for a seamless user experience across devices.
- **Backend:** Utilized Node.js and Express.js for server-side operations.
- **Database:** Managed with MongoDB and Mongoose for efficient data handling.

This project demonstrates my full-stack development skills and ability to create dynamic, content-driven web applications

KalpTaru

[Live Demo link](#)

[GitHub Link](#)

Tech Stack - React | Redux | Chakra UI

Description: Developed KalpTaru, a responsive frontend clone of the Amazon website. Key features include:

- **Responsive Design:** Ensures seamless functionality across various devices.
- **Add to Cart Functionality:** Allows users to add products to their cart.

This project highlights my skills in frontend development and implementing interactive e-commerce features.

Experience

Pinaak The Divinity Within Private Limited | Entrepreneur

September 2020- June 2022

Provided personalized guidance and counseling to clients worldwide, addressing their concerns and helping them achieve holistic well-being.

O3 Infotech Private Limited | Full Stack Web Developer

December 2023- April 2024

Led UI development efforts to ensure intuitive and visually appealing user interfaces. Performed comprehensive bug fixing and troubleshooting to uphold seamless functionality.
